

Vibrating Screens Condition Monitoring

Data Acquisition & Analysis

Activities and Testing

- Screen Dynamic Analysis (vibration and motion testing)
- Screen Natural Frequency Analysis (resonance testing)
- Screen Quality Inspections

Services

- Factory Inspections and Testing
- Commission Inspections and Testing
- Routine or ad-hoc Dynamic Analysis
- Routine or ad-hoc Resonance Testing

Technology

- Latest Wireless Technology
- Programmable, Low-Noise, High performance Accelerometers
- Synchronised Multi-Sensor Data Acquisition

Reporting

Wireless Sensors
